### CHAIRMAN'S MESSAGE

On this Historic occasion when the Association's Fortieth Anniversary celebrations are being in-augurated, I convey my greetings and best wishes to all the members as also to all those who have in one way or the other helped the Association play its assigned role all these years efficiently and effectively.

A lot of ground has been covered during these past few years. Membership has risen to touch the 600 mark. These members have also distinguished themselves in different fields. There are National and State Award winners as also an Arjuna Awardee in our ranks. This is a matter of gratification.

By and large, our members are also well educated and well settled. This too is due to the role played by the Association in building their confidence and finding opportunities for them. Of course, a large number of members especially the new entrants are still unemployed but the Association is alive to their needs. Even though the Association is not getting due co-operation from the Special Employment Exchange for Physically Handicapped, on its own it will continue to do what ever is possible to help them.

The Association has already obtained a plot of land C-12 Institutional Area, South of IIT and Building Plans etc. have also been prepared. Funds permitting construction will also be taken in hand in the very near future.

Our Hony. Secretary has already spelled out the activities proposed to be introduced, as also the year long programme for 40 Anniversary celebrations. I hope all will extend their help and members will participate in the activities with enthusiasm.

Serving the cause of the disabled is a noble and virtuous act. I earnestly request the people at large to join this crusade against disability and help in the socio-economic rehabilitation of these silent children of God.

## WHO CARES FOR THESE WEAKEST, MOST HAPLESS AMONG THE HANDICAPPED?

B. N. Kaul

Two decades back, the Government of India held a pompous seminar lasting a week, in Bangalore on training, employment and rehabilitation of all kinds of the physically handicapped—generally categorised as the blind, the deaf and mute and orthopaedically handicapped. I was one of the hundred and odd delegates by virtue of being the General Secretary of All India Deaf and Dumb Society. The All India Federation of the Deaf though invited, was first unrepresented, though few of its members were there as visitors and organisers of their stall in the Exhibition. Then on learning that I, an adventurously deaf—one who is stone deaf but can speak—and considerably educated too, was very active, they sent their only such a deaf member to mainly counter balance me.

Any way, out of many points I made, one won all round acceptance. I said, "We have half of our people living under poverty line; we have backward tribes and castes, victim of both casteism and poverty. The Government is making efforts to rid the country of the acute poverty, also has extended many kinds of safeguards and legal protection like the reservation in services and elected bodies. All of us, however, expect that one day the country will succeed in ridding itself of both poverty and casteism and all that goes with these evils and special protection will be needed by them."

"But one segment of population, the physically handicapped will be always here and shall need both protection and special measure to enable them to stand on their own feet and become self reliant citizen of the country - an asset for it rather than a burden. So we should plan for the future keeping this fundamental fact in view."

And this fact remains more crystally clear than ever. Although policies of vested interests is doing all to perpetuate casteism, backwardness and poverty, some day these elements will meet their doom and the basic objective of the Constitution shall be achieved. Alas, the problem of the physically handicapped will be always there because they will continue to be born or become handicapped after their birth by accident or illness. So the physically handicapped should be treated as super scheduled class.

Of course the applauding Government has done very little as substantial measure to ameliorate the lot of the physically handicapped and their conditions especially of the deaf and deaf-mutes is more pathetic than ever before even in four decades of freedom. Since they have no tangible and organised voting power, so apart from lip sympathy and small mercies they get nothing. And what ever small crumbs are being thrown towards them are grabbed by the more lucky and better placed among them. As for social obligation of our socialist patterned State and society, which as Nehru admitted made rich richer and poor poorer, the conscience is eased by some window dressing in which unfortunately our so-called All India bodies of the deaf not only excell, but they can teach you a lesson or two, how this window dressing can be used for feathering their own cosy nests. But I am not writing this about all the deaf and dumb, the most discriminated and neglected lot among the physically handicapped. I want to draw the readers attention to the most pathetic and sub human lot of worst afflicted and absolutely neglected section, among deaf mutes, who because of conspiracy of the fate and total failure of the society and the State suffer doubled handicap—mental retardation apart from deafness and dumbness.

When some body is born deaf (and so dumb) or loses his or her hearing faculty in first two or three years of life, it is the economic and social status also distance of his birth place from a city that determines his future. If his or her parents are well off or at least enjoying two square meals, also if they are educated, they graduate to the lucky category among the deaf mutes, the educated or semi-educated. Parents some how break the communication barrier and enable the deaf-mute child to understand and learn things, also express himself.

Then they get them admitted to one or the other school for deaf and dumb. This enables these silent children of God to get education upto middle class, learn to lip read and be trained in some craft or vocation. Ultimately they join mainstream of normal even if as less fortunate ones. They marry and rear family. Some of them have made quite a name in their professional careers.

Since schools for deaf and dumb exist only in cities and few major towns, so it is very hard for the lower middle class parents of deaf-mute children to get them admitted, because this costs too much, while expectation are too little.

But there are more numerous deaf-mutes of all age groups, whose parents are poor and illiterate and live in remote rural area where incidence of this curse is higher. In the first place such parents fail to establish any communication with their afflicted children, superstitions make them even more apathetic towards their 'cursed' off-spring. So they let them remain neglected and miserably ignorant. This total mental isolation renders them mentally retarded as well—total wrecks infact. The question of their being educated or trained does not rise at all. They can not even beg. Most of them perish very young, to the relief of their unfortunate parents who don't know how to handle them. The tough ones who survive, live in utter misery and isolation in sub-animal condition on the charity of normal people, who will give them a loaf of bread or some other food to eat—mostly left overs, which now even beggars do not accept and cast off rags to wear. Either too much of heat or contacted disease claim most of their lives even before they are 40 to 45.

You can find such most hapless and the weakest among these physically handicapped on pavements, in dark dingy lanes or locked by their parents or guardians in dingy rooms. In rural areas they may be living in a temple or mosque or in open fields, or some where near chopal. Those who are marginally intellegent—who grasp the meaning of some signs are made to toil day and night in fields, cattle sheds and shops for few morsals of stale food that is reserved for them.

Nobody cares for them :

Neither Governments nor any of its many much advertised social welfare agencies who, as my querries revealed are ignorant of their very existence, They only know about such lucky class deaf mutes whom they see in functions.

No private welfare body or institution with high soundiug name cares for them. They also pretend ignorance when told about their existence, they shrug their shoulders in helplessness, "Not our brief", remarked a well groomed and well made up lady office bearer of a social service organisation.

Even the organised bodies of deaf and dumb do nothing about these wretches, who should be their first responsibility. But what can they do. It will need crores of rupees for just opening some camps for those destitutes and help them to lead some what human existence provide them food, clothing and medicines also reclaim those young one, who can be rehabilitated, educated and trained. Where is that kind of money and the kind of social workers who with honesty discharge such thankless duty.

But a beginning has to be made if our country really has to be a Welfare State. The Government, the society and organisations' of the deaf and dumb can chalk out a programme and make a beginning with a well equipped and staffed pilot project.

Let me see this plea evokes some solid response.

## *Hony. Secretary's Report*

—D.S. CHAUHAN

Honoured guests and Members,

A very warm welcome to you all. We are honoured by your august presence. It has lent grace and dignity to our humble function and shall inspire us to rededicate our lives to the cause of the deaf which we cherish more than any thing else.

1950-1990, a forty year period. We have covered it. But alas not too successfully, not for any want of endeavour on our part, but because of absence of requisite support from the society which continues to be blissfully unaware of the problems of the deaf for want of information. The Government too has done precious little for the deaf. Also what ever Govt. funds are ear-marked for the deaf are grabbed by those institutions and organisations of the deaf which have powerful God fathers. As a result, even the deserving claimants are denied government support.

Yet sustained by its faith in its cause and ably assisted by a few willing supporters who have lent a helping hand, year after year, the Association has carried on its work. It has held the torch high. Sadly, due to the resources crunch and the resulting man-power shortage, the light has yet to reach those dark and dingy corners which need it the most. We are, however, aware of this situation and are making concentrated efforts to help the more deserving among our ranks.

The Association, I may point it out here, caters to the needs of the adult deaf who constitute the most neglected section of our society. While the fortunate among the deaf children do have a few schools and institutions to help them out, an adult deaf has no one to help him or her. Often even the parents and other members of the family are indifferent to his or her plight.

On reaching adolescence, a deaf finds himself at a dead end. Totally ill-equipped to face the harsh realities of present day strife-torn, highly competitive life, an adult deaf faces heavy odds. Even if educated his, or her knowledge of language is extremely poor. As a result, he just can not surmount communication barriers. His or her understanding of any skill in any trade or handicraft gained during a few years student life is at best rudimentary. An adult deaf is thus quite unprepared for facing the challenge of life.

Then there are other deaf who are, alas, in majority, who have had no access to education or training and grow up unaware of their very name. Such deaf are either over protected by their parents or suffer from total neglect. They too are expected to stand on their legs. More often than not, having grown up in isolation, their signs and gestures are peculiar to them and difficult to be understood by others. They have no skill or the knowledge of any trade or craft.

It is such deaf that the Association serves. Spurned by the family and society alike, they come to us. They become our concern, our responsibility. For Life.

We lend voice to them. Interpret their signs and on their behalf take up their cases for socio-economic rehabilitation. We arrange apprenticeships for them with our skilled

members as we have, alas, no training facilities of our own. For those who are literate or skilled in some trade, we find employment opportunities by sponsoring their candidature. We help them get their names registered with Special Employment Exchange for Physically Handicapped and Vocational Rehabilitation Centre for the Physically Handicapped and follow up the cases till their rehabilitation. We help them secure shops and loans etc. for self-employment and where necessary also help select and obtain specialised equipment on hire-purchase basis.

We provide secretarial service to our members, now nearly 600 strong, in their personal work. Since they are in-capable of drafting their own applications etc. education not withstanding, we do it for them by interpreting their signs and gestures. We also take up their cases with different agencies. We help accelerate allotment of D.D.A flats, gas connections, release of blocked funds, settlement of House Tax, P.F. cases, and secure admission/concession fees for their children. We help them obtain disability certificates, identity cards for disabled and various concessions admissible to the deaf.

We arrange educational tours for the benefit of the deaf for we know that deaf learn through their eyes—by the process of seeing. We organise Holiday Camps at Hill Stations for our members as we believe that they are entitled to small luxuries. We have regular library and reading room services and help keep our members informed of the latest developments on the national and international levels. We celebrate national days to instil a sense of nationalism and patriotism in our members. In short we inter-act with them in every conceivable manner. We also provide recreational facilities—both indoor and out door. Sports and games are a regular and an important part of our activities. We thus take care of the deaf not for a limited period of a few years as in a school or institution, but for life.

And yet the authorities in Social Welfare Deptt. of Delhi Administration in their wisdom have decided not to consider and recognise us as a welfare organisation. For them, it appears that only education and training, however, dismal the facilities, can be termed as social welfare activities.

Now you be the judge and decide if we are working to help this most neglected section of the society lead as normal a life as possible or not? Also whether we are doing social welfare or we are serving and securing our own ends? I may add here that ours is the only welfare organisation of the Deaf in Delhi where the office bearers do all the work mentioned above without the help of a full time paid staff and without accepting even a paisa by way of honorarium. For us it is a labour of love.

Since we do not work for money, a bit of recognition and appreciation can be rewarding. However, recognition or not, our efforts will continue. For us it is a sacred duty. We are confident to overcome the hurdles in our path, our dictum being—WE SHALL OVERCOME.

What we need, also cherish the most is the sympathy and support of our well wishers like your selves. With it assured, we can even take on the world.

Now as is required, permit me to review the work of the year just ended. Naturally, I shall take up the plus points first.

The office bearers for the year 1989-90 were elected un-opposed on 16.7. 1989.

The Association held its Annual Picnic on 15 August, 1989 in Lodhi Gardens, New Delhi in which nearly 600 persons—our members and their families participated. The day long programme including sports for children was immensely enjoyed by all concerned.

The New Year's get-together was held in Nehru Park, New Delhi and was again a largely attended affair.

At the invitation of Associations of the Deaf in M.P., Maharashtra, Gujarat etc. I visited several Associations of the Deaf in those States and was appalled to learn of the conditions prevailing there. Largely left on their own without any aid or advice from the All India Federation of the Deaf with which some of these were affiliated, they existed but were unable to play a meaningful role despite having a will and large memberships. There is an urgent need to unify these diverse organisations and make a strong State level body and then build up a solid national organisation. There also should be a forum to provide them latest information as also help in obtaining grants and conducting their affairs.

The association organised a Holiday Camp at Sattal for some of its members through the courtesy of YMCA Vocationad Training Centre, Sattal, Dist. Nainital U.P.

Several overseas visitors and officials from diplomatic missions based in Delhi visited the Association and appreciated the efforts being made by it in bringing succour to the adult deaf.

The Association was registered under the Foreign Contribution Regulation Act and an external (foreign currency) account was opened with the first contribution from H.E. Mr. Heinz Helmert, Director General External Services E.E.C. Brussels. The Income Tax Exemption under section 80 G of I.T. Act was got further extended for a period of one year.

The Association helped Jaipur Badhir Sanstha and a number of other organisations of the deaf in several ways.

Identity Card-cum-Railway concession from was also issued to the members.

A Mini Draw was organised on March 26, 1990 which earned the Association a modest sum of Rs 9000/-.

The Association was able to secure a grant-in-aid of Rs 24,297 for sports promotion from Directorate of Education (Sports Br.) Delhi Administration, against the actual expenditure of Rs. 37138/- incurred by the Association. Once again, however, the grant was released after the closure of the financial year.

A sum of Rs. 8784 was paid by the Municipal Corporation of Delhi by way of grant-in-aid for social welfare activities.

The Association places on record its deep sense of indebtedness to both the above mentioned grant-sanctioning authorities.

The Association's appeals for help for Building Fund did not have the desired effect and evoked only a luke warm response. We could collect only about Rs. 28,000/- of which Rs. 5000 came from All India Deaf & Dumb Society to whom also we convey our grateful thanks.

We continue to receive the usual support from our well wishers, year after year. Important among these are Shri Darbari Seth of Tata Chemicals Co. Ltd. Telco, Hindustan Petroleum Corporation (through the kind courtesy of Shri V.P. Marwah), Tata Oil Co. Ltd., HINDALCO, Mangalore Ganesh Beedies H.T. Group of publications etc. A list of donors to our Building Fund is published else where. We are grateful to all of them.

M/s. Pure Drinks (New Delhi) Ltd. through the kind courtesy of the late S. Daljit Singh and M/s. Britania Industries Ltd. have been our regular patrons. Once again they donated their well known products for the benefit of our members. We are beholden to them.

Eleven of our members who could ill effort it, contributed Rs.1001/- each to the Building Fund and earned our thanks.

Our commercial enterprises--shop and cycle stands did reasonably well. The staff members have put in sincere efforts and will be suitably rewarded. Their wage renewal from 1.4.1988 has been due, will be carried out shortly and implemented with retrospective effect to provide them some relief against cost rise.

Our Reading Room and Library Services are proving very popular. We hope to expand these shortly.

Since the sports activities have been suitably dealt with else where in a seperate report, I need only mention here that the Association participated in most of the competitions organised by All India Sports Council of the Deaf and successfully organised 18th Delhi Games of the Deaf at Jawahar Lal Nehru Stadium, New Delhi on 3-3 1990 which were inaugurated by Prof. Vijay Kumar Malhotra, M.P. and Dr. Bansi Dhar, Chairman DCM Ltd. gave away the prizes.

On the negative side, it has been our failure to obtain clearance for our projected building from Delhi Development Authority and a decision about enhancement of Floor Area Ratio is still awaited. In its absence neither the lease deed can be got executed nor the building construction taken up. We have held several meetings with the D.D.A. authorities and are hopeful that the issue will be finally and favourably settled shortly.

It is also a matter of some regret for us that a few of our members have chosen to set up a parallel Association in the guise of a Sports Council. This disunity at a time when unity is the need of the hour can only harm the cause of the Deaf as a whole.

We have also not been able to organise an educational tour this year but hope to make good the loss by organising one in August/September this year.

The court case filed by us challenging the irregular and unconstitutional election of the office bearers of All India Federation of the Deaf is still pending. Since our cause is just, we are sure, truth will prevail.

I would like to mention some common problems faced by our members as a whole. The first is the fact that when ever we take up the issue relating to the deaf either with the Social Welfare Directorate of Delhi Admn. or the Welfare Ministry of Union Govt., we invariably draw a blank. To elicit any reply from these offices is almost impossible. This is perhaps because of the fact that even though we have the largest membership among the organisations of the Deaf in the country, our name is not so high sounding.

Then again there is the problem of non-recognition of Diplomas issued the Multi-purpose Training Centre for the Deaf run by All India Federation the Deaf as equivalent to I.T.I. Diploma. This is a problem created by the Government which continues to sanction lacs of Rupees by way of grant to the said Federation without acertaining whether or not the instructions/instructors facilities there are equal to that of I.T.I. Moreover, it is really sad that though the said Centre has been in existence for more than 20 years, no honest effort has been made to obtain recognition from the Directorate of Technical Education or alternatively the Centre has been found wanting even after all these years and denied recognition. The

ultimate sufferers are our members who are left with a Diploma not worth the paper on which it is printed. Our efforts to have the issue resolved satisfactorily have also been of no avail and unsuspecting deaf adult continue to suffer and will go on suffering unless some thing is done.

We have also received complaints not just from our members stationed in Delhi but from others living in other parts of the country as also other organisations of the adult deaf that the News Magazine for the Hearing Handicapped telecast on Sundays between 1.15 P.M. and 1.30 P.M. is beyond comprehension. The mother-daughter team that alternately acts as interpreter is to say the least of no use to us as we just can not follow their signs and gestures. It is learnt that they use internationally recognised signs, but the telecast is meant for the Deaf who live in India and have never been exposed to international sign language. In fact India has its own well formed sign language and considerable work in this regards has also been done by Ali Yavar Jung National Institute for the Hearing Handicapped, Bombay. Surely services of others can be utilised to make the programme easy to understand, otherwise the entire effort is now being wasted inspite of the best of intentions.

For our 40th Anniversary Year we have made big plans and funds permitting hope to implement the same. These include cultural activities i.e. staging of several full length silent dramas, exhibition of arts and handicrafts of the Deaf, on the spot painting competition, and a National Convention of the Deaf which will be attended by over 200 chosen delegates. Several seminars have also been planned.

Also God willing we hope to lay the Foundation Stone for our Research & Rehabilitation Centre at long last and commence construction. Your good wishes would translate all these dreams into reality.

Before concluding, I would like to place on record our indebtedness to the Management of India International Centre, particularly Mr. N.H. Ramachandran, its Secretary, for allowing us the use of their auditorium and facilities free of charges.

Thank you.

## History of Deaf & Dumb Association ( 1950-1977 )

### Foundation :

October 4, 1950, seven enterprising deaf youths—Sarva Shri B G. Nigam, R L. Aggarwal I.N. Chopra, Amrit Lal Tondon, Jagdish Chander Sachdeva (since deceased) and Vilayati Ram Goyle (since deceased meet in the then Piccadilli Restaurant in Connaught Place, New Delhi and formally decide to found Deaf & Dumb Association. Of these Nigam and Aggarwal are the ex-students of Government Lady Noyce School for the Deaf. Shri Morris Chukerbuti, a young deaf youth educated in the U.K. is chosen to head the Association as President, Nigam elected Hony, Secretary and Aggrawal Hony. Treasure. The Association's offices are located in the walled city residence of Nigam.

### 1st Cricket Match :

Is organised on March 19, 1951 between Associations XI and Y.M.C.A. XI through the efforts of Chukerbuti who works for Y.M.C.A., New Delhi.

March 19, 1952. Mr. Harry F. Lathaw, Director of Special Education, Marylands (USA) and Mrs Lastsaw visited the association and felicitated.

### 3rd Anniversary :

October 4, 1953. Association celebrates its Third Anniversary. Kum. Shanta Vashista, Education Minister. Delhi State inaugurates.

### Farewel to General Cariappa :

December 30, 1952 : Farewell party given to General K M. Cariappa, the First Indian Commander-in-Chief of Indian Army, on his retirement, at Massey Hall, Y.M.C.A. New Delhi.

### Representation to P.M.

November 1953 a delegation of the Association meets Pandit Jawahar Lal Nehru, Prime Minister of India and submits a representation listing steps required to be taken for the rehabilitation of the Deaf.

### Library Inauguration :

May 5, 1954, Shri Gurmukh Nihal, Singh Speaker, Delhi State Legislative Assembly, inaugurate the Association's Library at 4775, Main Bazar, Paharganj, the residence of Shri Aggrawal who kindly provides rent free space for the purpose.

### Toy Workshop :

July 10, 1954 A toy making workshop started in another room next to the Library.

### Cycle Stand :

September, 1954. Through the kind courtesy of Shri U.B. Basrurkar, then Vice President of New Delhi Municipal Committee and a pioneer in handicapped welfare. Association as allotted a cycle stand opp. Singer serving Machine Co. Connaught Place, New Delhi as a rehabilitation measure. The Late Shri Duni Chand Nagwani appointed attendant.

### Employment:

Dec. 1954, Through the courtesy of Shri U.B. Basrurkar and at the initiative of Association, New Delhi Municipal Committee agrees to recruit deaf. Members O.N. Sharma, D.S. Chauhan and R.L. **Merger :**

May 29, 1977, Deaf & Dumb Association Delhi and New Delhi Deaf & Dumb Club comprising of educated deaf who had earlier broken away from the Association, effected a merger to form a unified body under the name of Delhi Association of the Deaf.

## STORY OF NEW DELHI DEAF & DUMB CLUB ( 1960-1977 )

New Delhi Deaf and Dumb Club was formed on 1st January 1960. The founding members were Shri Jaswant Singh Kumar, Shri Thakur Dass. Shri M. Chukerbuti, Shri D. S. Chauhan, Shri Jamna Dass Sindhi etc. Who had become dis-illusioned with the working of other local organisations of the Deaf.

From the very beginning, the Club conducted its activities at New Delhi Y. M. C. A. , through the kind courtesy of Shri N. J. Cornelliuos, then General Secretary of Y. M. C. A. Games were arranged on the Y's sprawling grounds and on Sundays and Holidays also in the evenings members used to collect there and socialise.

During the next few years the membership increased and the Club was able help a large number of its members.

In the year 1965, the Club was able to win over a large number of deaf who had formed a Club of their own. It had been started by Shri P. N. Gupta and among its important members were Shri Ramesh Tuli, Shri Jagdish Baveja, Shri Ravindra M. Gupta, Shri Ramesh Gupta, Shri Kamal Mehra etc. This Club had presente Rs. 1000/- contributed by its members as a war effort to the Prime Minister- Smt. Indira Gandhi.

Both the Clubs having agreed to merge, the united Club had a good number of educated and talented members. This helped the Club to enlarge the scope of its activities which continued to be conducted from YMCA.

Shri P. N. Natu had been evincing a keen interest in the activities of the Club. It was he who introduced Dr. Surya Prakash N. Puri. M.P. to the Club and persuaded him to become Chairman in 1958. Dr. Puri took over and placed Room No 108, Vithal Bhai Patel House, New Delhi at the disposal of the Club from where it conducted its activities.

Dr. Puri also helped secure Govt. jobs for a member of deaf-including S/ Shri Gurdip Singh, Ram Lal Mishra, Ashok Kumar Minocha and Jaspal Singh in N. P. L. as Mechanics without interview or test.

The Club organised its first Holiday camp at Pahalgam, Kashmir in 1967. The Railway Minister Shri C. M. Poonacha granted free pass for our party and Shri G. M. Sadiq, Chief Minister J & K allowed us free lodgings at Srinagar & Pahalgam. The party of 20 visited Vaishno Devi, Jammu & Amritsar before returning to Delhi.

A repeat Holiday Camp was organised in 1968 also with the same free railways travel and free lodging facilities to participants numbering 30. Dr. Puri had accompanied the party right from Delhi and even travelled from Pathankot to Srinagar by bus with the party.

In 1969, the Holiday Camp was organised at Manali. Members liked all the way to Rohtang Pass (13500 feet) and held a picnic amidst snow capped peaks.

Dr. Puri again took a large number of members to Bhopal where they presented a Mime Show at Ravindra Rang Shala. The party also visited Sanchi and Devgiri caves. A picnic was held at Sanchi.

In 1974 the Club was fortunate to get Smt. Premala Bai Chavan M.P. as Executive President and Shri Mahinder Singh Gill, M.P. as Vice-Chairman. Both of them helped the Association in a big way, particularly, Shri Gill who was always available to the members and office bearers.

The Club organised its Annual Day celebrations and also Independence Day picnics, regularly. It continued to help its members find Govt. employment and looked after their other interests.

The Association in the mean-while had shifted its activities to 68 Ashoka Road, New Delhi. With availability of space, the Association started training in cutting and tailoring. 4 Usha sewing machines were purchased. Orders for work were also secured.

For some time, there had been inter-action between the members of the club and Deaf & Dumb Association. It was admitted by all concerned that unity is the need of the hour but despite several meetings between the representatives of these organisations no unity could be affected. The year 1977, which brought forth the Janata experience on the national plane, provided the right impetus and after mutual agreement the Club and Deaf & Dumb Association agreed to merge and form unified organisation - Delhi Association of the Deaf to whom the assets and liabilities of both the organisations were transferred.

## DELHI ASSOCIATION OF THE DEAF (1977 to date)

New Delhi-

Educated at G.L.N.S.D, passed III, obtained Diploma in Photography and has been working with the Central Social Welfare Board as a Dark Room Assistant. Earlier worked as photography instructor with AIFD.

One of the best known panto-mime artists in the country, he has won accolade far and wide. Has been to Mauritius in 1984 along with a troupe of performing artists. Trained at Gandharva Mahavidyalaya, New Delhi, he has appeared in several mime shows with deaf as well as on stage with normal persons.

A well known photographer, he has received several prizes, one of which was presented to him by the late Smt. Indira Gandhi, Prime Minister of India.

Married to a deaf lady, the couple has a daughter. At peace with himself, he is an ever smiling person.

**Shri Vasand Rai Nagwani (Deaf)**  
Address : A-4 Hathi Khana, Hargovind Nagar Flats  
Behind Azad Market, Delhi-6,

Age—57 years, educated up to primary level, migrated from Pakistan in 1947, worked with M/s V.R. Goyal, Photographers initially and then joined AIFD. Currently Instructor in Photography at Multi-purpose Training Centre for the Deaf.

An enthusiast photographer him-self, he has trained a large number of photographers who are now successfully running their own business. Several of his former pupil hold good positions in Government depts. He, however, continues to teach deaf though this means big sacrifice for him as he is not getting salary according to his merit.

Of an easy and out going nature and friendly, he has remained bachelor and devotes his life to the cause of deaf despite the poor returns that he gets. Winner of National Award for Outstanding Handicapped Employee.

*Such a pleasure!*

Banking, ANZ Grindlays believes, should be one of life's conveniences.

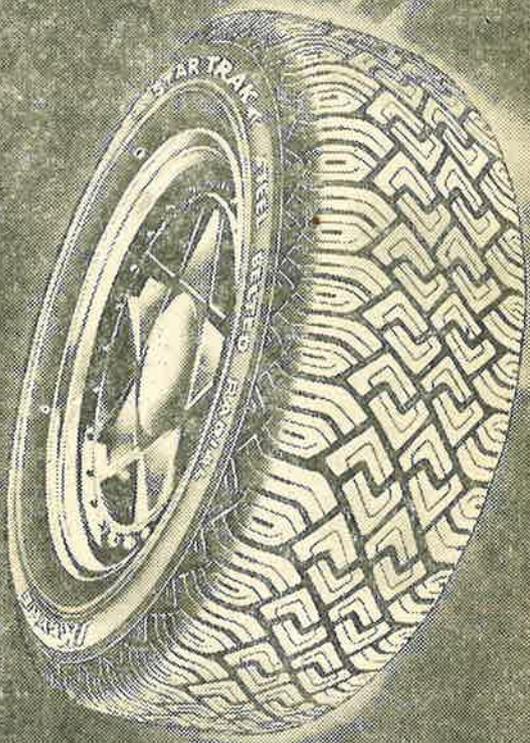

Which is why, while ANZ Grindlays offers every major service the best international banks offer, there are some specialised services only ANZ Grindlays offers.

Each designed to make banking a pleasure.

Because by improving the quality of banking, we believe, we could ultimately improve the quality of the way you live.

**ANZ** Grindlays Bank 

**NOTHING IS AS RELIABLE AS STEEL.**

## **JK STAR TRAK**

**The only steel belted car radial.**

JK Radials are selected as  
original fitment by leading car  
and LCV manufacturers

Small wonder that 96% vehicles  
worldwide ride the advantages  
that only the strength of steel offers.  
Advantages that are finally yours  
with the introduction of Star Trak  
From JK Tyre.

- ▲ Upto 70% extra mileage.
- ▲ Fuel saving upto 7%.
- ▲ Unmatched road grip.
- ▲ Extraordinary driving comfort.

## Changing dreams into deeds...

To meet the rising aspirations of a young independent republic is in no way an easy task. Yet this was the challenge faced by the first public sector oil-refining and marketing company in India - Indian Oil Corporation Limited

### From a pioneer

At a time when sophisticated technology had to be imported when trained manpower was woefully inadequate, Indianoil spiritedly picked up the gauntlet. And started setting up a petroleum refining and marketing infrastructure which reaches out to people in the hinterland and helps improve their quality of life

### To a leader

Today Indianoil fuels the wheels of all sectors of the national economy. The mission is customer satisfaction and maximum utilisation of resources. With a turnover of over Rs 15,000

crores, Indianoil is ranked No. 1 in the country and amongst the top 100 of the world

Indianoil owns and operates six of the country's twelve refineries with 45% of national refining capacity. Its refineries have achieved over 100% capacity utilisation during the past five years

Today, with product sales of nearly 29 million tonnes, Indianoil's market participation exceeds 58%. It has a network of more than 10,000 dealers and distributors to meet the needs of the people for fuels, lubricants and cooking gas, even in remote areas

Indianoil is the country's only oil refining and marketing company with a modern Research & Development Centre which has developed over 900 lubricant formulations, fuel-efficient kerosene stoves and LPG burner and speciality products for specific customers

### To a guiding hand

Indianoil has not only assimilated high technology but also, with a caring hand, has developed a human resource with capabilities and expertise which is being sought by other developing countries. This expertise has been nurtured and honed not only in areas of refining, marketing, pipeline transportation and project management but in management disciplines also

Though a lot of progress has been achieved, a lot still remains to be done. In its march to progress, the nation will double its petroleum consumption by the turn of the century. Indianoil has met the people's expectations in its 31 years of existence and is working harder than ever to meet their aspirations in the 21st century

Indianoil is in the service of the nation for fuelling the spirit of freedom - a national trust for economic prosperity
